## **ABOUT THIS WINERY**

The Domaine covers 34 ha, of which 28 ha are in the Sancerre appellation and 6 ha in the Menetou-Salon appellation. More than forty parcels offer an exceptional diversity of exposures, slopes and soils, spread over the three main terroirs of the region. This diversity combined with our oenological know-how allows each of our wines to express in their structure, their elegance and their finesse all the originality of their terroir.
