#### ABOUT THIS WINERY

Olivier Humbrecht is one of the world's most renowned winegrowers. A Master of Wine who has been described by Robert Parker as the greatest white winemaker on earth. Yet he is very soft spoken, humble, and self-deprecating. He is a champion of terroir, biodynamic farming principles, and non-interventionist winemaking, whose family have been winegrowers in Alsace for 12 generations (since 1620).

#### TASTING NOTES

Intense yellow colour, indicating some ripeness. Fully open, it is clear that this wine benefits from more bottle age now. The nose shows nice ripe Riesling aromas, honey, white fruits and citrus. These vineyards produce a generous style of wine, clearly demonstrated in the 2018 vintage. Velvety texture, but the finish shows a surprising ripe acidity. This is a classic style of wine from the Turckheim area.

#### PRODUCT NOTES

This wine complement nicely the Roche range, showing the influence of different major soil types on wines. It originates from the Herrenweg and Turckheim area in Turckheim, specifically from the older vines located on the richer part of the alluvial valley floor (decarbonated silt, very fine sands). These soils posses a relatively good water retention capacity and the vines do not suffer from hydric stress. Compared to the more gravelly areas of the Turckheim area, the vines here are more sheltered and stop the vines from suffering from hydric stress.
